A Vindication of the Rights of Men

Mary Wollstonecraft

A Vindication of the Rights of Men Mary Wollstonecraft

Less known than Mary Wollstonecraft's later work, *A Vindication of the Rights of Men* was her first work as a feminist philosopher and commentator. Compared to *A Vindication of the Rights of Woman*, this work is more focused on the specific political environment of the time. However, it covers many of the same themes, including the importance of liberty and equality.

When it was initially published anonymously, it was both successful and influential. Later, when Wollstonecraft revealed herself as the author, critics focused on her identity as a woman, rather than the political ideals, leading to her rejection by contemporary philosophers.
