**The practice of typography; a treatise on the processes of type-making, the point system, the names, sizes, styles and prices of plain printing types** Theodore Low De Vinne

This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.

**Annis Blank:**

As a university student exactly feel bored to help reading. If their teacher inquired them to go to the library or make summary for some publication, they are complained. Just small students that has reading's soul or real their hobby. They just do what the instructor want, like asked to the library. They go to at this time there but nothing reading significantly. Any students feel that reading is not important, boring and also can't see colorful pics on there. Yeah, it is for being complicated. Book is very important to suit your needs. As we know that on this age, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. So , this The practice of typography; a treatise on the processes of type-making, the point system, the names, sizes, styles and prices of plain printing types can make you really feel more interested to read.
