When Love Takes Over Shanice Harrison

Four best friends, four lives, one common theme: Love.

Falling for a teacher isn't the wisest choice as Krystal discovers, especially as he is her sister's boyfriend. Britney's unhappy until she becomes a WAG but has to face her past once again. Fashionista Rebecca hates the game but could a player tempt her to play? And good girl Whitney is determined to stay away from dating but then she meets Ben.

See the plot unravel in different points of view as the trust is lost and new experiences are gained.

Shanice actually took 3 years to complete this as it was done part-time whilst balancing school and university. Her characters aged with her (but it was not written from experience). It was finished in 2013 but only just published. Luckily she has written more since and they are near completion, so look out for her newer novels this year.
