International Commodity Trading Ephraim Clark, Jean-Baptiste Lesourd, René Thiéblemont, Rene Thieblemont

In addition to discussing financial and commodity futures and options, this book links them to the physical economy at large, a linkage which is particularly important when one is thinking of physical commodity markets. The book looks at not only the futures of derivative markets, but it also explores the physical markets and the underlying economy.

- Written by leading authors in the field of commodity markets
- Contains numerous up-to-date examples, case studies, and scenarios to assist in gaining an overall understanding
- Covers all aspects of commodity trading, including the inter-relationship between the different functions
