Assess, measure, and validate the competencies of your nurses with ONE resource.

The only way to know if your staff is performing their duties correctly is to evaluate employee competence. But what is the best method to do so? The HCPPro resource *Competency Management in Long-Term Care: Skills for Validation and Assessment* is the perfect solution to your competency challenges.

This practical, easy-to-use manual and CD-ROM set provides the logic behind competency validation and offers guidance to instructors about how to test staff competencies effectively and efficiently.

This resource allows you to:

- Train staff educators and managers on how to perform competency validation
- Save time by combining competency assessments and performance reviews
- Maintain consistency and keep up with new competencies
- List potential categories for new competencies and identify best practices for implementing new competencies
- Differentiate between orientation checklists and skills checklists

An entire section devoted to a complete list of competencies!

Staff educators and managers alike will be able to find the competencies they need fast. We even put all the competencies on the companion CD-ROM for quick, on-the-go access.

Packed with customizable checklists and forms!

With this resource you'll have everything you need to develop and test your nurse's skill sets. The easy-to-use tools included pinpoint which steps are critical in order to accurately evaluate the competency of your staff.

Here's just a sample of some of the tools included:

- Competency-based program policy
- Successful Completion of Competency Assessment Training Form
- New Competency Assessment Checklist
