How to Grow Marijuana: The Ultimate Guide to Growing Your Own Weed P.J. Frasier

If you want to learn how to Grow your Own Marijuana, then this book is for you! There are two primary methods of growing your marijuana, and both are covered in this book. You will find the process very easy with this guide, and I'll make sure you get started on the right note, from seed or clone selection to soil preparation so you will have a high quality harvest. We will also look at some of the most common strains of cannabis, so that you know how to choose the best one. I'll also explain the harvesting, drying, curing, and storage process so your pot will last for years without depleting its quality. I will even cover the most common mistakes that beginner pot growers make. The only thing that's really not included in this guide is how to roll a joint. I suspect you may already know.
