William S. Burroughs

**The Soft Machine: The Restored Text (Nova Trilogy, Book 1)** William S. Burroughs

In *The Soft Machine*, William S. Burroughs begins an adventure that will take us into the dark recesses of his imagination, a region where nothing is sacred, nothing taboo. Continuing his ferocious verbal assault on hatred, hype, poverty, war, bureaucracy, and addiction in all its forms, Burroughs gives us a surreal space odyssey through the wounded galaxies in a book only he could create.

A total assault on the powers that turn humans into machines by writing and fixing our life scripts, Burroughs' original "cut-up" book was itself rewritten in three different forms. This new edition of *The Soft Machine* clarifies for the first time the extraordinary history of its writing and rewriting, demolishes the myths of his chance-based writing methods, and demonstrates for a new generation the significance of Burroughs' greatest experiment.
