Timing is everything: “seize the right day!” Astrologer Janet Booth offers a shortcut to your success. Drawing on 35+ years’ experience, she explains the planets’ movements and influences, recommending favorable times for your important plans in this unique astrology calendar, in its 16th year. Like a “cosmic weather report” about conditions affecting everyone (regardless of one’s “sign”), Janet’s Plan-its runs the gamut in appeal from novices to professionals. Readers can use it to the depth of their astrological knowledge and interest. Customers say, “ingenious,” “easy-to-use daily guide,” and “exactly what I want in an astrology calendar!” A list of the “best” and “worst” days for various activities is an invaluable tool for scheduling. Each day is rated as to its ease or challenges with a message suggesting what energies may be encountered or utilized. Times are noted (in Eastern and Pacific time zones) when the Moon enters a new sign or moves into a condition called Void of Course (when actions initiated struggle to achieve their intentions). Weekly highlights give an overview of the current factors in play. An extensive footnote section called Star Pages offers detailed information about planets’ entry into signs, shifts in apparent motion, and interactions with other planets, as well as the indications of New and Full Moons and Eclipses. Resources and links for further exploration in astrology are also provided. **BONUS:** The calendar contains a coupon for \$25 savings on Janet’s services. 131 pages, 8-1/2 X 11 paperback book format, color cover, B/W interior. ISBN 978-0-9846499-4-5. List Price: \$19.97 US. Made in the USA. Suitable for use in North American time zones only.
