Between Pride and Prejudice Maria Mazzariello

Elizabeth Bennet is twenty years old, has always lived in Longbourn - a small village in the Hertfordshire - and dreams of travelling around the world; William Darcy is the heir of one of the richest aristocratic families of the United Kingdom. Two diametrically opposite characters but destined to meet and argue when Charles Bingley, William's best friend, moves to Netherfield Park – a luxurious mansion not far from the Bennets' property – for the summer taking him with him. The reciprocal dislike between them is immediate, fueled by his presumption and arrogance and by her strong prejudice towards a far too rich and proud boy. Through misunderstandings and jealousies, hate and resentment, this is one of the most famous love stories of the last centuries, rewritten and readapted to our days.

"Between Pride and Prejudice" is a modern rewriting of Jane Austen's novel written in first person from Lizzy's point of view and most of all ideal for who has difficulties in approaching classic literature in general. The plot and the characters are the same such as the location but the author has tried to concentrate more on the thoughts and emotions of the protagonists giving them more dynamicity.

The book is only available in digital version on Amazon store and the author is working at some missing moments regarding what the narration in first person has left behind. A following of the book is also expected, completely original, which will talk about what happens after the story we know and where the protagonists will abandon the familiarity of the places invented by Jane Austen to move to a more modern and cosmopolitan context.

Keep in contact with the author visiting her Facebook page or write to “traorgoglioepregiudizio@gmail.com”
