**Blood Trails II: The Truth About Bowhunting (Outdoorsman's Edge (Woods N' Water Press))** Ted Nugent

This new book is filled with updated action-packed hunting stories from one of the nation's most prolific and philosophical big game hunters—Ted Nugent. Completely updated and revised, Blood Trails II shares Ted's hunting stories that get the adrenaline flowing in even the most jaded of hunting veterans.

Each exciting hunt makes you feel as if you are right there alongside Ted as he comes to full draw or slowly squeezes the trigger of his firearm. You'll feel like you are sharing in his gratitude and joy as he bags a wide variety of big game. You'll feel as though you just returned from the hunt yourself!

Learn from Ted how to improve your arrow placement with his three-step archery prayer for shooting accuracy. Reflect on the blessings of the hunting season and how "self-sufficiency, after all, is the ultimate American Dream of independence and individualism . . . no doubt about it, hunting is the last and best way to remain in touch with a planet that miraculously sustains us all." Get charged with his love of bringing archery to neophytes, "Every man, woman, boy, or girl, falls in love with the Zen-like charge of making that next arrow better."

Any hunter, hard-core rocker, or just a Ted Nugent fan (and there are millions of you), will want to add this book to your outdoor library. You'll love and live along with Ted through his "absolute reverence for the precious beasts and their gift of protein."
