Light is the key to quality glamour photography, and *Lighting for Glamour Photography* is for any photographer looking to take his or her glamour photography to the next level. Photographers learn how to analyze light; how to make it work for them; and ultimately, how to take better, high-quality glamour photographs. With clear and easy-to-understand diagrams next to each photo explaining how the shot was set up—the position of the lights, the filters, film, camera, and lens used—photographers will feel ready to choose the right equipment, set up their own shots, and get solid results from the beginning. This new edition has been completely updated to include information on digital photography, as well as to reflect current styles in glamour photography.
