Rescued: Yielding To Desire (Military Romance Series) Toni-Ann Schofield

"Rescued: Yielding to Desire" takes the reader into a war torn territory where soldiers that are on routine patrol rescue a woman that has been held captive for months as a sex slave. The series of events that happen after she is rescued leave little to the imagination. She is now the product of her captor, not able to function in any other way but to satisfy the willing male. The author also shows how one woman can enable another to break free of her own inhibitions and become the woman that she was meant to be. It is amazing how what we think can inhibit how we act and how we think of others. Learn about raw sexual need and learn how it is satiated.
