Inspired by true life events, comes the story of a young Rutgers University student who had lost his memory after getting into a life changing car crash. His life turned upside down as he could not remember anything . . . from who he was, to who his parents were, where he went to college, what he studied, his friends, girlfriend, and that he once had a passion for dance. After being diagnosed with Retrograde Amnesia, Dipal was basically starting over; rediscovering his own life and other new experiences, almost like he was a child again in a 20 year old's body. No one knew if Dipal would ever regain his memory. This is Dipal's journey, in his own words, as he rediscovers himself through family and friends, his lost passion for dance, with unfortunate lessons on how society can treat those they do not understand . . . all with a little help from the God within and the lessons of learning how to truly let go
