IFRS Accounting Trends & Techniques - U.S. Edition provides a close look at the reporting practices of international companies that have already tackled the conversion to IFRS.

IFRS Accounting Trends & Techniques - U.S. Edition presents carefully selected reporting examples from the audited annual reports of 170 international public companies across 43 industries and 38 countries to illustrate current reporting techniques and various presentation and disclosure practices. This edition adds more survey companies and includes five new countries of incorporation - Argentina, Chile, Panama, Philippines, and India.

Through a strategic use of common headings throughout all sections, the commentary makes sense of the complex reporting requirements within IFRS. As an additional benefit for financial statement preparers and auditors of foreign subsidiaries of a U.S. parent company, the narrative commentary identifies and explains many of the key differences between IFRS and U.S. GAAP.

To maximize usability, *IFRS Accounting Trends & Techniques - U.S. Edition* is topically organized using familiar financial statement terminology and offers:

- Descriptive guidance that includes comparisons of the reporting requirements under IFRS and U.S. GAAP
- Statistical tables that track reporting trends
- Carefully selected reporting examples that show presentation and disclosure techniques

Whether you're reporting under IFRS for the first time or simply looking to stay current with the latest IFRS reporting techniques, you'll get a rich supply of examples that will save you hours of time. Preparers and auditors alike can apply this practical guidance to develop tailored solutions for difficult reporting issues.

Find the answers and IFRS reporting examples you need in *IFRS Accounting Trends & Techniques*.

From reader reviews:

Alberto Benson:

What do you concentrate on book? It is just for students since they are still students or the idea for all people in the world, exactly what the best subject for that? Simply you can be answered for that question above. Every person has various personality and hobby for every other. Don't to be compelled someone or something that they don't need do that. You must know how great in addition to important the book IFRS Accounting Trends & Techniques. All type of book is it possible to see on many sources. You can look for the internet options or other social media.

Jean Gadson:

What do you about book? It is not important with you? Or just adding material when you need something to explain what the one you have problem? How about your free time? Or are you busy person? If you don't have spare time to try and do others business, it is give you a sense of feeling bored faster. And you have spare time? What did you do? Every person has many questions above. They have to answer that question mainly because just their can do which. It said that about guide. Book is familiar on every person. Yes, it is correct. Because start from on jardín de infancia until university need this particular IFRS Accounting Trends & Techniques to read.

Rosemarie Sanders:

Information is provisions for individuals to get better life, information nowadays can get by anyone from everywhere. The information can be a understanding or any news even restricted. What people must be consider any time those information which is inside former life are hard to be find than now is taking seriously which one is acceptable to believe or which one often the resource are convinced. If you obtain the unstable resource then you have it as your main information we will see huge disadvantage for you. All those possibilities will not happen throughout you if you take IFRS Accounting Trends & Techniques as the daily resource information.

Maritza Kress:

You are able to spend your free time to read this book this guide. This IFRS Accounting Trends & Techniques is simple to bring you can read it in the area, in the beach, train as well as soon. If you did not get much space to bring often the printed book, you can buy the e-book. It is make you much easier to read it. You can save the particular book in your smart phone. And so there are a lot of benefits that you will get when you buy this book.
