The 13 Lives of a Television Repair Man M.D. Thalmann

Arthur is all alone now, he killed the world. He had it all, but that wasn't enough, so he went and ruined everything. God left in a hurry when the atomic bombs went off, and forgot to take poor Arthur with him. Now he lives in a sealed bunker under an irradiated wasteland once known as Florida, and watches the worlds he missed, the possibilities he prevented, in his ingenious, insidious creation: The Alternate Reality Generator. He only had one friend left in the world, a floppy eared labrador, but he's dead now, too. That's probably Arthur's fault as well. Now all he has is time and regret... and a machine that lets him live all kinds of lives, in another dimension....
