Automotive Technology: The Electronic Classroom - Electrical/Electronic Systems Tom Denton

Automotive Technology: The Electronic Classroom is a complete teaching/learning system using text and multimedia resources for a computer centered approach. Each volume in the series consists of a highly organized textbook, student learning program on CD, and instructor resource database on CD. Instructional modules are based on ASE guidelines and NATEF tasks, with pre-programmed playlists to guide instructors in the selection of materials. Included are shop worksheets, a glossary (English and Spanish), and hundreds of practice ASE-type test questions. The series is ideally suited to an educational environment wherein both student and instructor use computers as the primary learning and teaching tool.
