Frantz Fanon

Black Skin White Masks: The Experiences of a Black Man in a White World Frantz Fanon

Few modern voices have had as profound an impact on the black identity and critical race theory as Frantz Fanon, and *Black Skin, White Masks* represents some of his most important work. Fanon's masterwork is now available in a new translation that updates its language for a new generation of readers. A major influence on civil rights, anti-colonial, and black consciousness movements around the world, *Black Skin, White Masks* is the unsurpassed study of the black psyche in a white world. Hailed for its scientific analysis and poetic grace when it was first published in 1952, the book remains a vital force today from one of the most important theorists of revolutionary struggle, colonialism, and racial difference in history.
