Behind the Disappearances: Argentina's Dirty War Against Human Rights and the United Nations (Pennsylvania Studies in Human Rights) Iain Guest

Drawing on confidential Argentinian documents and memoranda, *Behind the Disappearances* documents a seven-year diplomatic war by one of the twentieth century's most brutal regimes. It relates how, starting in 1976, Argentina's military government tried to cripple the UN's human rights machinery in an effort to prevent international condemnation of its policy of disappearances. Initially this attempt succeeded, but in 1980—with encouragement from the Carter administration—UN officials regained the initiative and created a special working group on disappearances that rejuvenated the UN's efforts. This progress was abruptly halted in 1981 when the Reagan administration sided with the Argentinian regime. The result, claims the author, not only undercut the UN's actions against disappearances but also weakened its chances of playing a positive role in aiding Latin America's transition from dictatorship to democracy.

Harry Thomas:

As a university student exactly feel bored in order to reading. If their teacher asked them to go to the library or make summary for some reserve, they are complained. Just very little students that has reading's heart or real their hobby. They just do what the professor want, like asked to the library. They go to presently there but nothing reading very seriously. Any students feel that examining is not important, boring and can't see colorful pics on there. Yeah, it is to get complicated. Book is very important to suit your needs. As we know that on this time, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's

country. Therefore , this Behind the Disappearances: Argentina's Dirty War Against Human Rights and the United Nations (Pennsylvania Studies in Human Rights) can make you really feel more interested to read.
