Infertility is a roller coaster, an emotional ride full of hopeful highs and devastating lows. There are times when you think you are losing your mind and there are times when you do. If you are struggling with infertility and are ready to jump off a cliff when another of your friends announces they are pregnant, you need to read this. This is the story of one woman's journey through infertility and everything she tried from the traditional to the bizarre; the impact on her relationship; her bank balance and her sanity. Witty, irreverent and deeply honest, it's everything you should know, but no one dares tells you, about being "unfertilized."
