The National Parks: Our American Landscape Ian Shive

The National Parks: Our American Landscape is the second book from rising nature photographer Ian Shive who has been making a name for himself in publications such as *Time*, *National Geographic*, and *National Parks* magazine. Shive brings a fresh perspective to some of the most beautiful and storied scenic spots in the United States. The cascades of Yosemite, the geysers of Yellowstone, the jagged walls of the Grand Canyon, and hundreds of others come to life behind Shive's lens—ready to be studied from a different angle. Now updated with 36 additional pages of photographs and a travel-friendly size, it's the perfect gift for lovers of the outdoors.

America's national parks and historical sites embody the American spirit. They are windows to our past, homes to some of our rarest plants and animal species, and places where every American can go to find inspiration, peace, and open space. From the iron rails of Steamtown, Pennsylvania to the wilds of Yellowstone, America's natural parks preserve our culture in as much as they shield our natural world from our own encroachment.

An expanded paperback edition, *The National Parks: Our American Landscape* presents a wonderfully updated photographic survey of one of America's greatest national treasures. Seen through the eyes of the National Parks Conservation Association's photographer Ian Shive, America's National Park System come to life through a collection of more than 200 new photographs. Shive's stunning work demonstrates the diversity and awe inspiring beauty of the American wild lands covering the major United States parks from the warm waters of Biscayne, Florida to icy summit of Mt. McKinley in Denali National Park, Alaska.

From reader reviews:

Mary Tillman:

Nowadays reading books become more than want or need but also be a life style. This reading habit give you lot of advantages. The benefits you got of course the knowledge the rest of the information inside the book this improve your knowledge and information. The information you get based on what kind of e-book you read, if you want have more knowledge just go with education and learning books but if you want truly feel happy read one with theme for entertaining for instance comic or novel. Typically the The National Parks: Our American Landscape is kind of reserve which is giving the reader unpredictable experience.

Julian Lored:

The reserve with title The National Parks: Our American Landscape includes a lot of information that you can study it. You can get a lot of advantage after read this book. This kind of book exist new know-how the information that exist in this guide represented the condition of the world right now. That is important to yo7u to learn how the improvement of the world. This particular book will bring you throughout new era of the globalization. You can read the e-book on the smart phone, so you can read that anywhere you want.

Benjamin Aldridge:

People live in this new day of lifestyle always try to and must have the time or they will get wide range of stress from both lifestyle and work. So , whenever we ask do people have free time, we will say absolutely sure. People is human not really a robot. Then we consult again, what kind of activity do you have when the spare time coming to anyone of course your answer will probably unlimited right. Then ever try this one, reading books. It can be your alternative within spending your spare time, typically the book you have read is actually The National Parks: Our American Landscape.

Tony Partee:

Playing with family within a park, coming to see the coastal world or hanging out with friends is thing that usually you could have done when you have spare time, in that case why you don't try matter that really opposite from that. One activity that make you not sensation tired but still relaxing, trilling like on roller coaster you already been ride on and with addition of knowledge. Even you love The National Parks: Our American Landscape, you could enjoy both. It is great combination right, you still desire to miss it? What kind of hang type is it? Oh seriously its mind hangout men. What? Still don't understand it, oh come on its identified as reading friends.
