What Women Don't Know and Men Won't Tell You James Flannery

This is a satirical book dealing with the relationships between men and women, and the complicated and convoluted thought processes of the male mind. The book attempts to explain to the female population some of the more complex philosophies and beliefs of men when it comes to women. The book lists popular likes and dislikes of a percentage of the male population when it comes to women, how they look, dress, act and feel. Meant to be written with somewhat of a comedic overtone, the book attempts to go where others have failed.
