#### **Steve Franklin:**

As a student exactly feel bored in order to reading. If their teacher inquired them to go to the library in order to make summary for some book, they are complained. Just little students that has reading's soul or real their hobby. They just do what the instructor want, like asked to go to the library. They go to there but nothing reading critically. Any students feel that reading through is not important, boring as well as can't see colorful images on there. Yeah, it is to be complicated. Book is very important for you personally. As we know that on this period, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. So , this Thinking with Data( How to Turn Information Into Insights)[THINKING W/DATA][Paperback] can make you feel more interested to read.

#### **Russell Pittman:**

What is your hobby? Have you heard this question when you got learners? We believe that that problem was given by teacher to the students. Many kinds of hobby, Every person has different hobby. So you know that little person including reading or as examining become their hobby. You have to know that reading is very important as well as book as to be the thing. Book is important thing to add you knowledge, except your teacher or lecturer. You get good news or update about something by book. Different categories of books

that can you choose to adopt be your object. One of them are these claims Thinking with Data( How to Turn Information Into Insights)[THINKING W/DATA][Paperback].
