When a young wounded soldier is brought into intensive care, Nurse Jenna must battle to save his life, but quickly it transpires that this is not all that is at stake, in this short story. It seems his fate is increasingly bound up in the past – of a boy who he might or might not have saved – as well as being haunted by the one that he could not.

But Alistair's life is even more complicated than that. He is a bear shifter who has lost control of his ability to transform and is now at the mercy of sudden changes. Trapped between two states, he finds the only person to help him is the young American nurse who cares for him as he recovers in the hospital. But things take a bleak turn when he is implicated in a serious crime. Together, can they help solve the mysteries that surround them?
