Days ago, Silver saved the life of the Zara that burned her home to the ground and stole away her family, possibly forever. Now, she wakes from her injuries to find herself in an unfamiliar place, prisoner to a man who claims he comes from the MASO but who knows nothing of her or Bek or the dragons. With Bek as her reluctant ally and the wolf and dragons at her side, she must find her way home to help Zien on a quest to end the clash between beasts and men - and find her family - before it is too late. But as every step entangles her more deeply in the affairs of a plague-ridden nation on the brink of war, she finds herself instead fighting once more for her life. Faced with an enemy intent on destroying everything, she and Bek must uncover the truth behind the events of 700 years before. If they succeed, she might finally face the enemy who has haunted her every step since she lost everything... Hess.
