What would you do if you had one month to build a business from scratch? Do you think you could do it?

That's where I found myself in November 2010. I always wanted to make a living writing, but I was stuck in a dead-end job that was ruining my life and my marriage. My wife threw down the gauntlet: I needed to work from home again, and I needed to do it quickly.

This is the story of how I generated a full-time online income in just three weeks. It's not pretty. It's not fancy. And it's certainly not sustainable. But that's not the point.

When you are struggling to make money, or you're unemployed, you don't need to build the Next Big Thing. You just need to get off your butt and make some money. You need to launch your business - and figure out the details later.

That's what I did, and that's how I was able to transition a barebones business - a "Foundation Business" - into a full-time career.

With this book, you'll learn the basics of building a Foundation Business: the 4 steps to follow if you want to start making money on your own as quickly as possible.

My story is just one example. Many have done it. It's not a "get rich quick"-type story. It's a "just start making money quickly" story. And it's probably exactly what you need.
