Beginning Java EE 7 (Expert Voice in Java) Antonio Goncalves

Java Enterprise Edition (Java EE) continues to be one of the leading Java technologies and platforms.

Beginning Java EE 7 is the first tutorial book on Java EE 7.

Step by step and easy to follow, this book describes many of the Java EE 7 specifications and reference implementations, and shows them in action using practical examples. This definitive book also uses the newest version of GlassFish to deploy and administer the code examples.

Written by an expert member of the Java EE specification request and review board in the Java Community Process (JCP), this book contains the best information possible, from an expert's perspective on enterprise Java technologies.
